LETTER OF REFERENCE

To whom it may concern,

We hereby confirm Jmaster.pl's longstanding professional relationship with Mr Piotr Jurkowski in sailing instruction, skippering and yacht charter.

Since 2016, Mr Jurkowski has worked with us as a sailing instructor, delivering courses preparing candidates for the Polish Yacht Skipper certificate (Jachtowy Sternik Morski). Since 2022, he has also delivered practical courses in handling seagoing yachts and led training voyages for sailors seeking to gain sea time.

Our working relationship began before Mr Jurkowski started delivering training courses and leading training voyages for us. He worked with us on deliveries of our yachts, mainly in the Baltic Sea and the North Sea. He took part in these passages and also led them as skipper in charge.

Since Jmaster.pl began operating as a yacht charter company, Mr Jurkowski has also chartered our yachts for sailing trips and training courses he organises independently. This has allowed us to work with him both as an instructor and skipper and as a charter client.

Throughout our work together, we have valued his calm manner, sense of responsibility and practical approach to sharing knowledge and developing trainees' sailing skills. He places a strong emphasis on crew safety, proper voyage preparation and care for the equipment entrusted to him.

Based on our many years of working together, we recommend Mr Piotr Jurkowski as a competent sailing instructor and skipper, and as a trustworthy partner for sailing courses and sea voyages.

Yours faithfully,

.....
