

LETTER OF RECOMMENDATION

To Whom It May Concern,

I am pleased to recommend Mr. Piotr Jurkowski, who has been working with Navigarecharter Sp. z o.o. as an independent Professional Skipper and Sailing Instructor since 2023. Our cooperation began earlier, in 2016, when Piotr started regularly chartering yachts through our company for his own clients.

During our cooperation, Piotr has successfully led offshore training and mileage-building voyages across the Baltic Sea, as well as sailing cruises organized by our company in the Saronic Gulf and surrounding areas in Greece, and along the French Riviera.

Piotr consistently demonstrates excellent seamanship, sound judgement and a highly professional approach to both yacht operations and guest care. He places safety first, maintains a positive atmosphere on board and delivers training with patience and professionalism.

We have repeatedly received very positive feedback from participants, both through direct emails and public online reviews. Many clients returned for further voyages or recommended Piotr to other sailors, reflecting the trust he builds through his work.

Throughout our cooperation we have confidently entrusted Piotr with our clients, knowing they would receive responsible leadership, high-quality instruction and a safe, enjoyable sailing experience.

I recommend Piotr without hesitation for positions requiring professionalism, strong seamanship, leadership and responsibility aboard private or commercial sailing yachts.

Yours sincerely,

Wojciech Kosiba

President of the Management Board

Navigarecharter Sp. z o.o.

This reference letter has been issued at Mr. Piotr Jurkowski's request for professional and recruitment purposes.
